

CIMdata's PDM Implementation Survey Report.

Classification and Retrieval, by Mike Philpotts, CIMdata.

Parasolid - A Solid Modelling Kernel, by Jim Carrington, EDS Unigraphics.

Association GOSET - A Profile Part 1, by Christoph Viel, Association GOSET.

### March 1995: Process Plant Design

CAD - Benefits to the Process and Power Industries, by David Wheeldon, CADCentre.

Process Industry STEP Related Activity, by Kais Al-Timimi.

ENGINES - Project Engineering Database, by David Cockshoot, John Brown Engineers and Constructors Ltd.

The Framatome Information Management Systems.

Association GOSET - A Profile Part 2, by Christoph Viel, Association GOSET.

AFCTB CALS/IGES Demonstration, by George Elwood, US Air Force CALS Testbed.

O2 System for Airbus Technical Publications, by Sharon Cooper, Tenet Systems Ltd.

Workflow Process, by Mike Philpotts, CIMdata.

### April 1995: CALS

Texcel's Information Manager, by Sebastian Holst, Texcel.

A CITIS Technology Strategy, by James Heppelmann, Metaphase Technology.

Interoperability between STEP and SGML - Part 1, by SWEDCALS.

Metaphase - A PDM Engine, by Kais Al-Timimi

ProSTEP - A Profile, Part 1, by Colin Parrott.

Conference reports: PISTEP Conference, London; First European Society for Concurrent Engineering Conference in Italy, Rome.

### May 1995: Concurrent Engineering

Concurrent Engineering - An Overview, by Barry Brooks, PA Consulting Group.

European Society for Concurrent Engineering (ESoCE) - A Profile, by Kulvant Pawar, University of Nottingham.

Benefits of Concurrent Engineering, by Martin Scalway, GEC-Marconi.

ProSTEP - A Profile, Part 2, by Colin Parrott.

TI's Works, by Jack Mahaffey, Texas Instruments.

Conference Reports: CIMdata PDM '95, Phoenix, Arizona; APLS '95, London; ISO TC184 SC4 Meeting Sydney,.

### June 1995: STEP and Product Data Modelling - 1

STEP Development Methods - Part 1, by Julian Fowler, CADDETC.

Commercial Application of STEP, by Robert Adams, CIMIO Ltd.

Progress Report on SDAI, by Jan van Maanen, Rutherford Appleton Laboratory.

Interoperability Between STEP and SGML, by SWEDCALS.

ISO CD 13584 "Parts Library".

PDM Engines and Integration Frameworks, by Philip Littleleavon, Expert Cache.

### July/August 1995: STEP and Product Data Modelling - 2

STEP Productivity for Industry, by Matthew West, Shell.

STEP Development Methods - Part 2, by Julian Fowler, CADDETC.

ProcessBase Project, by Jan van Maanen, Rutherford Appleton Laboratory.

The PRODEX Project.

PDM - ERP Integration, by Gerhard Wetzel, Siemens Nixdorf

Conference Reports: AIT Second Forum, Frankfurt; Kalthoff's EDMS Europe '95.

### September 1995: PDM Implementation

PDM Implementation - User Issues. By Kais Al-Timimi

PDM Implementation - A Vendor's View. By Bob Whale, SDRC.

PDM Implementation - A Case Study. By Stanley Port, CIMdata.

Enabling Interaction Using Meta-Data Within a Concurrent Engineering Environment. By Marc Pallot, Chairman, European Society of Concurrent Engineering.

Objective MicroStation, By Maarten van Emmerik, Director, Product Marketing, Bentley Europe.

### October 1995: Configuration Management.

Configuration Management by Philip Littleleavon, Expert Cache.

Knowledge Based Product Configuration, by Charles Carson, CINCOM.

Configuration Management as Part of PDM Systems, by Martin Eigner, Eigner + Partner.

ISO 10007 - Quality Management - Guidelines for Configuration Management, by Jack Rowley, Europa Consultants.

MOSES - Exploiting Product and Manufacturing Models in Simultaneous Engineering, by Colin Parrott, Grafton House International.

Conference Reports PRIMA, Brussels, Belgium; ISO 9000, the Hague, The Netherlands; Object Expo Europe, London.

### December 1995: Engineering Related IT Initiatives.

Engineering Related IT Initiatives - Luxury or a Necessity, by Kais Al-Timimi

The POSC/Caesar Project

Advanced Information Technology (AIT).

National Industrial Information Infrastructure Protocols (NIIIP)

Intelligent Manufacturing Systems (IMS)

Process Industry Manufacturing Advantage (PRIMA)

Manufacturing Models and Design for Manufacture, by Bob Young and Tim Ellis

Loughborough University

Integrating CAD and ODBMS

Conference Reports: PDM Europe '95, Noordwijk, The Netherlands; Autofact '95, Chicago; PDI-CALS '95, Amsterdam; PROFORUM '96, Several locations in the UK.

### JAN 96: CAD/CAM Development Environments

CAD/CAM Development Environments - Shape of the Future, by Kais Al-Timimi

Bridging Design and Procurement - A Critical Element in Reducing Product Cost and Shrinking Time to Market, by Craig Palmer, VP Marketing Aspect Developments.

The Use of Object Databases for Electronic CAD Applications, by Steve Griffiths.

PDM Europe '95 Survey.

### February 1996: Integration Platforms.

Integration Platforms and Object Request Brokers, by Kais Al-Timimi

ObjectSIP, By Steve Trythall, John Russel and Martin Saxon, Prism Technologies.

FBE - Integrates the Engineering, Design Function at Short Brothers

DAIS: Workflow and Image Systems - Case Study.

PDM Solution: Cimage Enterprise Systems - Rover Group Body & Pressings. By Stanley Port, CIMdata.

### March 1996: Business Process Re-engineering

Business Processes - Why Should they be Re-engineered, by Kais Al-Timimi.

BPR - A Case Study.

Examples of Vendor Approach to BPR.

The Process Management Challenge, by Dick Mandemaker, MIS.

Facilitating Software Integration Standards: The CIMsteel Integration Standards, by Alastair Eatson, University of Leeds.

CALS in Japan

Book Review: STEP for Data Management by Julian Fowler, review by Kais Al-Timimi.

### April 1996: Component Software Technology.

STEP - The Solution to the Product Data Problem, by Kais Al-Timimi, John MacKrell, and Alan Mendel.

PDM & STEP, by Bodo Machner, ProSTEP

Component Software Technology - An Overview, by Kais Al-Timimi.

ACIS - A Geometric Modelling Engine, by David Prawel, Spatial Technology.

Letter From Russia, by Leonid Ototsky and Anatoly Savin, Compek Systems.

### May 1996: STEP Toolkits and Development Environments.

Demonstration of AP221 Data Exchange and Data Sharing in SPI-NL, by J Kingma and R Reschke.

STEP Toolkits and Development Environments, by Kais Al-Timimi

Reducing Data Interfacing Costs with EXPRESS-M, by Ian Bailey

STEP Development Tools, by David Loffredo and Blair Downie

STEPman - STEP at Work in PDM, by Lutz Blencke

Letter From Russia, by Leonid Ototsky and Anatoly Savin, Compek Systems.

Conference Reports: CIMdata PDM '96, PDT Days '96.
